WORK EXPERIENCE

Pan American Energy

Software Engineering Intern

Buenos Aires, Argentina

Jun 2026 – Aug 2026

- Built and deployed a Power App for the HR coaching workflow used by over 50 employees, enabling leader-requested mentorships and outplacement support.
- Automated Microsoft Teams notifications for reminders, assignments, and follow-up tracking, replacing manual HR coordination.
- Collaborated with HR and IT stakeholders to gather requirements and deliver the solution end-to-end, from design through deployment.

The Grind – Coffee Shop

Barista & Customer Service Associate

Norman, OK

Jan 2026 – May 2026

- Prepared and served specialty beverages in a high-volume setting, emphasizing attentive and personalized customer interactions to enhance the overall service experience.
- Handled customer service and cash transactions for 15-20 hours per week while balancing a full-time course load.

Construtecto Paraguay

Project Manager

Ciudad del Este, Paraguay

May 2025 – Aug 2025

- Coordinated construction and architectural projects end-to-end, supervising timelines, budgets, and quality standards.
- Designed the company's first internal workflow system, laying the groundwork for the ERP built the following year.

ERP Systems Developer

Jun 2026 – Aug 2026

- Designed and built a company-wide ERP system for construction sites, project tracking, and PDF generation.
- Developed a generative AI tool that converts marketing ideas into ready-to-publish content automatically.

Ávalos & Asociados Consultores

Accounting Assistant Intern

Ciudad del Este, Paraguay

Jan 2023 – Mar 2023

- Maintained financial records and compliance reporting using Paraguay's rigid government tax platforms (Marangatú, Ábaco) and Excel.
- Organized financial documentation to support internal audits and management decisions.
